

# MATERIAL SAFETY DATA SHEET

## IDENTIFICATION

**Product Name:** Antifoam  
**Trade Name:** Pluronic L-61 Surfactant  
**Other Names:** Polyoxyethylene glycol  
**Suppliers Code:** NVS588290  
**Chemical Formula:** *Chemical Name:* Polyoxypropylene-polyoxyethylene Black Copolymer

**UN Number:** -  
**Dangerous Goods Class:** -  
**Hazchem Code:** -  
**Toxic Substance Schedule:** -

**SAFE HANDLING INFORMATION:** Avoid contact with eyes, skin and clothing; also avoid breathing vapours

**Storage & Transport:** -

**Spills & Disposal:** Contain, solidify and place in containers ready for disposal. Incinerate or bury in licensed facility. Do not discharge into waterways or sewer systems without proper authority.

**Fire & Explosion Hazard:** Use CO<sub>2</sub>, Dry Chemical, Foam or Water Fog. Avoid possibility of spontaneous combustion by proper disposal of combustible materials.

## HEALTH HAZARD INFORMATION

### Health Effects:

**Swallowed:** May cause gastric disturbance.

**Eyes:** May result in irritation.

**Skin:** May result in irritation.

**Inhaled:** May result in respiratory irritation.

### First Aid:

**Swallowed:** Dilute with water and immediately induce vomiting unless victim is unconscious. Obtain immediate medical attention.

**Eyes:** Immediately wash out with running water and continue for 15 minutes. If irritation develops obtain medical attention.

**Skin:** Wash affected areas with soapy water. If irritation develops obtain medical assistance.

**Inhaled:** Move to fresh air. Aid in breathing if necessary, obtain immediate medical assistance.
